How it works?

If you're renting direct, you skip the Fat Llama fees, but we do ask that you acquire equipment insurance unless you have it already. We'll happily work out a special price to support your indie production.

If you're renting via Fat Llama, prepare for the fees. But at least your insurance is covered.

Collection is available from Coldwaltham anytime, or Horsham 9-5 in the week.

Please check availability prior to booking and drop us an email if you'd like to find out more.
